**Profit from total collaboration on all aspects of  
your IP with the revolutionary Ipendo Corporate™**

*Get total control of your patents, trademarks, designs and legal work from creation to realization*

# Make your company's IP portfolio instantly more profitable

In today's competitive business climate you need the best tools to exploit your IP portfolio to the full. The unique Ipendo Corporate™ is the answer – a revolutionary, technically advanced but easy to use, modern management solution.

**IPENDO CORPORATE™** gives companies, big or small, a simple but powerful web-based tool to share and utilize database information with real-time availability and total control.

## **Advanced Simplicity**

With Ipendo Corporate™ you get a complete overview of your entire IP portfolio, available 24/7 to any relevant stakeholder of your choice worldwide.

As an advanced communication platform, all it takes is a web browser to:

- Instantly communicate with your IP firm
- Manage IP rights, dates, documents and costs more efficiently
- Create Invention Management Workflows
- Enjoy the ultimate IP coordination, control, rationalization and overview
- Work paper-free

## **Cost effective from day one**

Ipendo Corporate™ is incredibly user-friendly. There's no complex software to learn. Our self-explanatory interface means even the most inexperienced user can easily use and navigate the web-based solution straight away.

Migration and training is ultra simple too. Your dedicated Ipendo Project Manager handles everything to ensure a smooth transition from previous solutions. And there's no maintenance to worry about.

## **Powerful and flexible**

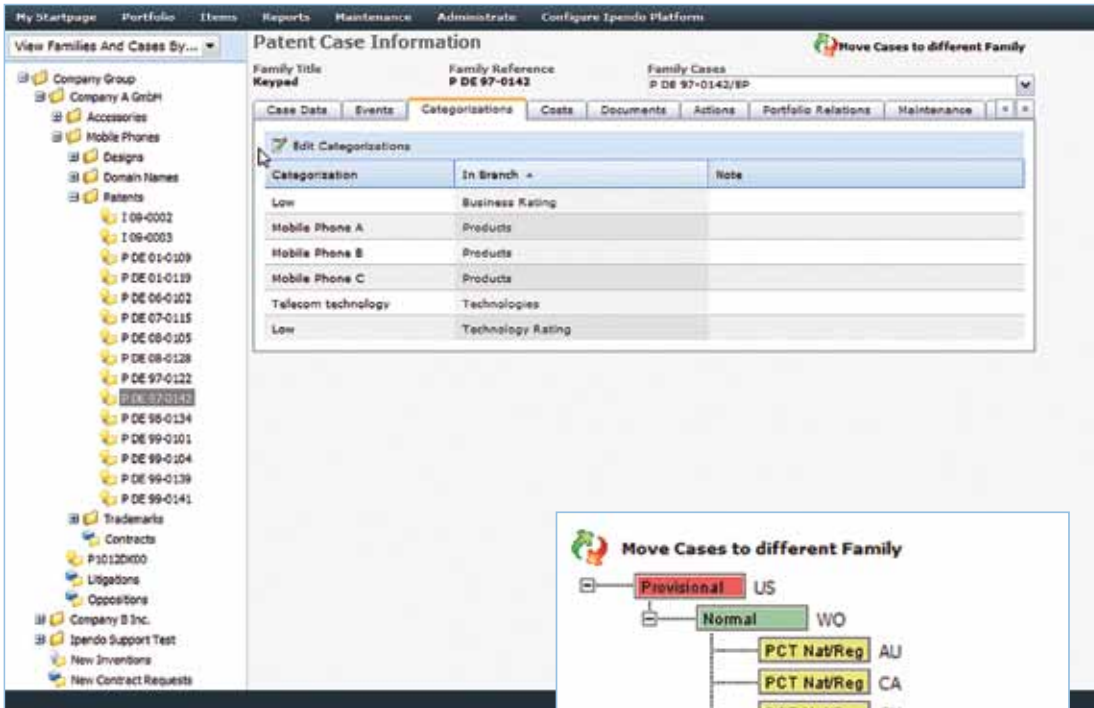

Ipendo Corporate™ can be easily configured to your exact needs to handle any IP operation within your organization. It offers a full range of tools to help you manage all stages in the IP lifecycle.

Outside Counsels can place actions directly onto your Ipendo Corporate™ account and vice versa. A designated IP firm interface ensures total security and control.

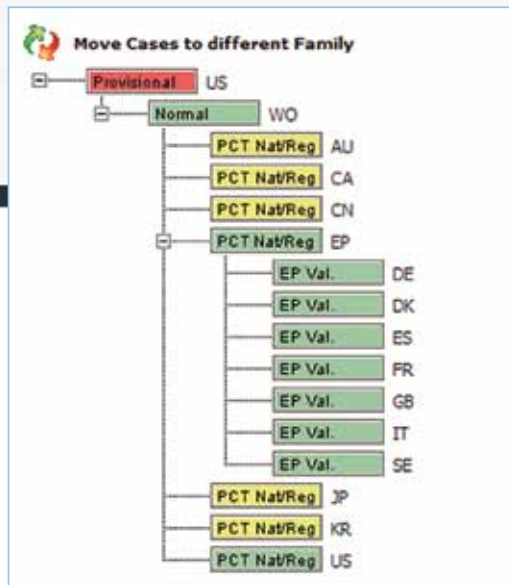

Ipendo Corporate™ also provides outstanding business connectivity, allowing advanced searches of your portfolio, products, projects, licensing partners or business units. Services such as EP validations and patent annuities can also be ordered instantly from Ipendo or other suppliers.

**As a truly business-oriented system, Ipendo Corporate™ focuses on your needs and grows with you. Can you afford to be without it?**

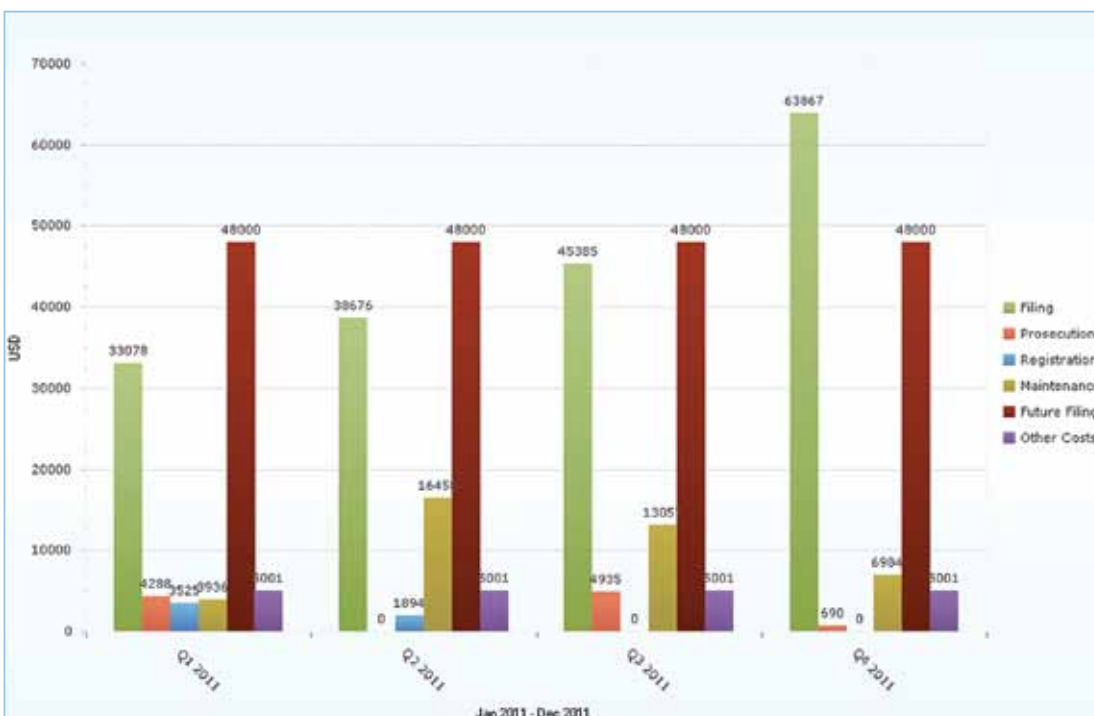

“Ipendo Corporate™ allows us to **manage our IP portfolio globally** from different sites. Having our external attorneys communicating electronically **saves us valuable time and money.**”
